FEA COMPETITION WINNERS ANNOUNCED

(FRANKFORT, Ky.) – Kentucky high school students participated in a variety of competitions during the eighth annual State [Future Educators Association](#) (FEA) Conference, held Jan. 28 at the Metropolitan Education and Training Services (METS) Center in Erlanger.

The FEA Conference was sponsored by the Kentucky Department of Education and Northern Kentucky University.

Approximately 135 students from 13 Kentucky school districts participated in competitions during the conference, which also offered sessions related to the teaching profession, career preparation, impromptu speaking and more. Competition winners received plaques recognizing their accomplishments.

The Future Educators Association (FEA), a member of the [PDK International family of associations](#), is an international student organization dedicated to supporting young people interested in education-related careers. As the co-curricular component of state-recognized Career and Technical Education (CTE) programs of study, FEA helps students develop the skills and strong leadership traits that are found in high-quality educators. FEA enhances the co-curricular program for students interested in education-related careers by providing personal growth opportunities through recognition and leadership activities directly related to the education profession.
